

2019-20 Science Fair Project
Mr. Hanna's Class
Partnership Agreement

Working with a partner for your science fair project can make the project more fun and more rewarding. However, if there is a lack of communication between partners and their families, it can also make the project more complicated and frustrating. For this reason, I'm requiring all students who want to work together with a partner on their project to complete this form, acknowledging the importance of communication, cooperation, and follow-through.

STUDENTS:

My partner's name is: _____ My partner's phone number is: _____

My partner's email address is: _____

By signing below, I acknowledge the following to be true:

(Please initial on the line beside each item indicating that you understand that part of the partnership agreement.)

- 1) _____ My partner and I will share the work for this project equally. We will both be involved in all parts of the investigation.
- 2) _____ My partner and I will both be able to explain ALL parts of the investigation if asked a question about the topic, procedure, results, or conclusion.
- 3) _____ My partner and I will make time to complete our project outside of class, which includes meeting at home, a public space such as a library, or a research facility as noted in our research plan.
- 4) _____ My partner and I will share the same final grade for our project, since we have agreed to share the work equally and be equally responsible for the content knowledge resulting from our project.

Student Signature: _____ Date: _____

PARENTS/GUARDIANS:

Because your student is unable to transport themselves to meetings with their partner, it is necessary to have your approval for this partnership. By agreeing to allow your student to work with a partner on their science fair project, you must agree to make arrangements for your student to meet with his/her partner and coordinate with the partner's parents to provide any necessary material needs for the project. It is also important that you acknowledge the items listed above in the student agreement, including the sharing of work, the responsibility to explain the project, the time requirements involved, and the final grade.

By signing below, you acknowledge that you have read the partnership agreement above and agree to support your student in their efforts to complete this project with a partner:

Parent/Guardian Signature: _____ Date: _____

Parent/Guardian Phone Number: _____

Parent/Guardian Comments: _____
